

June 22nd. 1939

Mr. P. O'Sullivan,

Dear Mr. O'Sullivan,

Your letter of the 21st inst. received today. There is no branch of the Anti-Partition of Ireland League at present in Birmingham. I am very glad that you wrote, as I have been in touch with some people there who are anxious to get a branch going. If you get in touch with J.P. Brady, 77 Pendragon Rd., Perry Barr, Birmingham 22., he will inform you of the latest developments. The Summer is, of course, a rather bad time to start a movement but we hope to organise a public meeting in the Bull Ring before September.

I should be very glad if you would use the enclosed literature and membership forms to get any of your friends or acquaintances interested in the movement. I hope to go to Birmingham myself shortly and I shall make a point of meeting you. Meanwhile, if you can think of the names of any people who would be interested in the objects of the League to whom you could write, I shall be under obligation to you.

Yours sincerely,

Organising Secretary,
Anti-Partition of Ireland League.
